DESCRIPTION: The Original Youngberry is a cross between the Dewberry, Raspberry and Loganberry, and was introduced by the United States Department of Agriculture, and has achieved the greatest success ever scored by any of the berry family.

The Acme Thornless Youngberry is a sport plant from the Original Young Berry that has no briars and has proven to be even more productive. This thornless Youngberry is one of the world's most sensational plant discoveries. They ripen very early, May 20th, ahead of other vine berries, and fruits. Has record of 20,000 quarts per acre. Very large, practically seedless, finest Dewberry-Raspberry flavor, attractive wine color, easy to handle and cultivate. Very best for eating when fresh, for desserts, pies, canning, jams, jellies, juices, wines, etc. Finest for home use and the most profitable commercial berry. Berries and products brings highest prices.

() THE NEW BOYSENBERRY, Strong 1 year plants Each 35c; 6 for \$1.00; 12 for \$1.75; 25 for \$3.00; 50 for \$5.00; 100 for \$9.00; 500 for \$37.50; 1000 for \$65.00

Description: The Boysenberry is another sensational New Berry recently introduced and recommended very highly. We have found it to be practically the same as the Youngberry and even larger, somewhat firmer and a little more acid. Ripens about 10 days after the Youngberry. Best berry to follow the Young.

() THE NEW BRAINARD BLACKBERRY, Strong 1 year old plants, Each 35c; 6 for \$1.00; 12 for \$1.60; 25 for \$2.75; 50 for \$4.50; 100 for \$8.50; 500 for \$25.00; 1000 for \$40.00

Introduced by U. S. Department of Agriculture and recommended by them as the largest, finest quality, most productive blackberry for the south. We have found it to be far the finest late berry. Ripens about July 10th.

NOTICE—Below where we list more than one variety of a Fruit, check number of each variety wanted and we will assort at same price.

() RASPBERRIES, Strong 1 year old plants, Each 20c; 6 for 65c; 12 for \$1.10; 25 for \$1.75; 50 for \$3.00; 100 for \$5.00; 1000 for \$35.00.
